

"I have had the chance to work with Lone several times and it has always been a pleasure. To begin with Lone needed help with the strategy of sale in her own business and I helped her build up a strategy that she was able to implement in her own terms later on. Afterwards I needed Lones help in a CSR article for a local publishing in Valby and Copenhagen SV - the main subject for the magazine was sponsorships in sports which was sent out to companies.

The good thing about Lone and her company Relazion, is her touch. She knows her field and what will happen next regarding the subject "wellbeing". She is a good adviser and very easy to trust which I see as a very important factor when it comes to being guided to change your work routines etc.

Lone and I have build up a good business relationship and I use her as my business advisor. I give Lone my best recommendations and I am certain that you, like I, will feel very comfortable working with Lone."
